FROM THE FARM

One of Anderson's best kept secrets is this 70 acre berry farm. You-pick and pre-picked available while supplies last. Our farm store is stocked full of local produce including raw milk, butter, free range eggs from our own chickens, and dozens of other local products made right here in Anderson! We also host birthday parties, field trips, and a fall festival open to the public starting the last weekend in September. Stop on by or give us a call!
